## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
Kansas City Kansas Community College

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of the Kansas City Kansas Community College (the College), as of and for the years ended June 30, 2017 and 2016, and the related notes of the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those audits require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Kansas City Kansas Community College Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of the Kansas City Kansas Community College as of June 30, 2017, and 2016, and changes in financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-7 and 33-34, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The accompanying supplemental schedule of comparison of budgetary expenditures with appropriations and supplemental schedule of changes in long term obligations, as listed in the table of contents, are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied by us in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our reports, for the years ended June 30, 2017 and 2016 dated November 14, 2017 on our consideration of the Kansas City Kansas Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Kansas City Kansas Community College's internal control over financial reporting and compliance.

KANSAS CITY KANSAS COMMUNITY COLLEGE  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Years Ended June 30, 2017 and 2016

## Introduction

Management's discussion and analysis is an overview of the financial position and financial activities of Kansas City Kansas Community College (the College) for the fiscal years ended June 30, 2017 and June 30, 2016. The College's management prepared this discussion. It should be read in conjunction with the College's combined financial statements and notes that follow. Management is responsible for the objectivity and integrity of the accompanying financial statements and notes, and this discussion and analysis as reported.

The College prepared the financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires the financial statements be presented on a consolidated basis to focus on the College as a whole.

There are three comparative financial statements presented: The Statements of Net Position; the Statements of Revenues, Expenses, and Changes in Position; the Statements of Cash Flows. In addition, the report also includes supplemental schedules as noted in the table of contents. The emphasis of the discussion about the financial statements, and supplementary information is designed to focus on current activities, resulting changes and currently known facts.

The financial reporting entity as defined by Generally Accepted Accounting Principles consists of the College, as well as its discretely presented component unit; the Kansas City Kansas Community College Foundation (the Foundation).

## Statements of Net Position

The Statements of Net Position present the assets, liabilities, and net position of the College at June 30, 2017 and 2016. The purpose of the Statements of net position is to present a snapshot of the financial condition of the College. Total net position, which is the difference between total assets and total liabilities, is one of the indicators of the current financial condition of the College.

The assets and liabilities are categorized between current and noncurrent. Current assets and current liabilities mature or become payable within the normal 12-month accounting cycle versus noncurrent assets and liabilities which mature or become payable after 12 months. For example, at June 30, 2017 and 2016, the College's current assets consist primarily of cash, short-term investments, property tax receivables and other revenue related receivables, while noncurrent assets consist primarily of capital assets. Capital assets are the property, plant, and equipment owned by the College.

Net position is presented in three major categories. The first is invested in Capital Assets, net of related debt, which represents the College's equity in its property, plant, and equipment. The second is Restricted, and the third is Unrestricted.

Restricted net position are funds that are limited in terms of the purpose and time for which the funds can be spent. Restricted net position is further categorized between expendable and nonexpendable. Restricted expendable net position, are net assets available to be spent by the College after externally imposed stipulations have been fulfilled or after the passage of time. Restricted nonexpendable net assets are endowments for which only the interest portion can be spent. The College had no restricted nonexpendable net assets at June 30, 2017 and 2016.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
Years Ended June 30, 2017 and 2016

Unrestricted net position, include net assets which are available to the College for any lawful purpose. The following schedule is prepared from the College's Statements of Net Position (pages 8-9), which are presented on an accrual basis of accounting, whereby assets are capitalized and depreciated.

Total Net Position	<u>\$ 47.1</u>	<u>\$ 42.7</u>	<u>\$ 4.4</u>	<u>10.3 %</u>

Total net position at June 30, 2017 increased to \$47.1 million from \$42.7 million at June 30, 2016. Net Position, Invested in capital assets, net of related debt, increased by 5.4 million and net assets, restricted-expendable, remained unchanged, and unrestricted decreased by \$1.0 million. Total net position, increased by \$4.4 million during the period.

Current assets increased in part due to cost cutting measures. Non-current assets (capital items) decreased slightly as no new significant assets were purchased and accumulated depreciation increased as the result of major additions being placed into service last year.

The College has not entered into any long term debt obligations since March of 2014. Subsequently, for the fiscal years since then (FYs 2015, 2016, and 2017), the College has made \$9,009,820 in principal payments which reduced the total of long term debt obligations outstanding from \$38,574,820 at June 30, 2014 to \$29,565,000 as of June 30, 2017. This has significantly strengthened the College's financial position, contributing to an increase in the College's net position, from \$38.5 million at June 30, 2014 to \$47.1 million as of June 30, 2017.

**Statements of Revenues, Expenses, and Changes in Net Position**

The Statements of Revenues, Expenses, and Changes in Net Position present the College's financial results for the fiscal years ended June 30, 2017 and 2016. The statements include the College's revenues and expenses, both operating and non-operating.

Operating revenues and expenses are those for which the College directly exchanges goods and services. Non-operating revenues and expenses are those that exclude specific, direct exchanges of goods and services. County property tax revenue and state aid are two examples of non-operating revenues where the local taxpayers and state legislature, respectively, do not directly receive goods and services for the revenue.

The following summary is prepared from the College's Statements of Revenues, Expenses, and Changes in Net Position (page 11).

**Economic Outlook**

The economic outlook for institutions of higher education remains challenging nationally based on trends which include changing student demographics, the digitization of classrooms and costs associated with providing accredited higher education to students. Additionally, the College faces ongoing funding challenges in relation to state aid as provided by the State of Kansas. State aid currently represents approximately 15% of revenues to the College. Locally, we are seeing slightly stronger economic characteristics visible through increased sales tax collections and slight growth of the assessed valuation of local property taxes. Revenue provided by students has increased approximately 3% for the current fiscal year. In aggregate, revenue to the College was up \$1.1 million in the current period and is forecasted to remain stable for the 2017-2018 school year. Student activities are anticipated to grow in certain areas including technical education in which the College has recently invested significant resources.

The College measures student enrollment by enrolled credit hours which increased slightly by 2.6% during the 2016-2017 school year. The College has implemented various cost controls to limit increased spending which include 1) improved budgeting processes, 2) reduced expenses associated with certain post-retirement benefits, 3) improved technology to track and measure underlying student and faculty activities, and 4) realignment of campus locations and buildings including our campus in Leavenworth Kansas. For the year just ended the College produced an increase in net position of \$4.4 million dollars as a partial result of these strategies.

KANSAS CITY KANSAS COMMUNITY COLLEGE  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2017

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Kansas City Kansas Community College (the “College”), a municipal corporation, was organized in 1923 and is governed pursuant to provisions of the Kansas State Statutes by a seven-member board of trustees. The College's service area is located in Wyandotte and Leavenworth Counties, including the Kansas City, Kansas metropolitan area.

The College is a public two-year community college and was established to provide associate degree programs in various professional and technical fields. In July, 2009 the College assumed operational control of the Kansas City Area Technical School (ATS) from USD 500, Kansas City, Kansas. The merger of the technical programs at the ATS was a result of legislation passed by the Kansas legislature. The College renamed ATS the KCKCC Technical Education Center (TEC) and now controls all curriculum, administration, and fiscal processes. The College is fully accredited by the North Central Association of Colleges and Schools.

Reporting Entity - As defined by accounting principles generally accepted in the United States of America established by GASB, the financial reporting entity consists of the College, as well as its discretely presented component unit, the Kansas City Kansas Community College Foundation (the Foundation).

Discretely Presented Component Unit - The Foundation is considered to be a related organization to the College. The Foundation is a legally separate, tax-exempt organization formed in 1977 that acts primarily as a fund-raising organization to supplement the resources that are available to the College and its students. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds and invests, are directed to the activities of the College and its students by the donors. Management has determined that based on a review of guidelines promulgated by the Government Accounting Standards Board, the Foundation be included in the College's financial report and statements as a discretely presented component unit. In addition, the College has elected to present separate financial statements to provide the reader with detailed information regarding the Foundation.

The financial statements of the Foundation are prepared in accordance with generally accepted accounting principles (GAAP) for the year ended June 30, 2017, and 2016. The Foundation is a not-for-profit organization that reports its financial results under FASB standards. Most significant to the Foundation's operations and reporting model are FASB Codification ASC 958, *Not-for-Profit Entities*, and FASB Codification ASC 958-605, *Revenue Recognition – Contributions Received*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences; however significant note disclosures (see Note M) to the Foundation's financial statements have been incorporated into the College's notes to the financial statements.

Financial statements for the Foundation may be obtained by contacting the Foundation.

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Measurement Focus, Basis of Accounting, and Financial Statement Presentation - The accounting policies of the College conform to accounting principles generally accepted in the United States as applicable to colleges and universities. The College reports are based on all applicable GASB pronouncements as well as applicable Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Review Boards of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The following is a summary of the more significant policies.

In December 1998, GASB released Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions, which revised reporting of property tax revenue. In November 1999, the GASB approved Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, followed by Statement No. 35, Basic Financial Statements – and the Management's Discussion and Analysis – for Public Colleges and Universities. The College, as required, has implemented these changes in past years. The change in financial statement presentation provides a comprehensive one-line look at the total college and requires capitalization of assets and recording of depreciation. The significant changes made in order to comply with the new requirements were elimination of internal revenue and expense charges, recording scholarship credit to student accounts as tuition and fee allowances, removal of capital related items from revenues and expenses, recording of depreciation, reporting summer school revenue and expense between fiscal years rather than in one fiscal year, and the recording of property tax revenues on an accrual basis rather than on a modified accrual basis.

The College's combined financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The College maintains an encumbrance system for tracking outstanding purchase orders and other commitments for material or services not received during the year. Encumbrances at June 30, 2017 and 2016 were \$84,676 and \$44,739, respectively, which represents the estimated amount of expenses ultimately to result if unperformed contracts in process at fiscal year-end are completed. Encumbrances outstanding at June 30, 2017 do not constitute expenses or liabilities and are not reflected in these combined financial statements. These balances as recorded are reflective of a substantial completion of construction projects.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant estimates made by management include depreciation of fixed assets, allowances for collectability of accounts, compensated absences, and certain post-employment obligations. Actual results could differ from those estimates.

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Property Taxes – The County Treasurer serves as the tax collection agent for the College. Taxes are levied based on assessed valuations as determined by the County Appraiser on a calendar year basis. Under Kansas Statute, taxes are levied and become a lien on the property on November 1<sup>st</sup> in the year of assessment and are revenue for the fiscal year the following June 30.

Property taxes are collected by the county treasurer, who remits to the College its' respective share of the collections. Taxes levied in one year become due and payable in two installments, generally on December 20 and May 20, followed by major distributions to the College on approximately January 20 and June 5th. Smaller distributions are made to taxing units in March, May, September, and October each year.

The tax rates for the fiscal year ended June 30, 2017 and 2016, per \$100 of assessed valuation, are reflected in the following table:

<u>Fund</u>	<u>2017 Tax Levy Rate</u>	<u>2016 Tax Levy Rate</u>
General	25.075	25.075
Capital outlay	<u>2.261</u>	<u>2.261</u>
Total Mill Levy	<u><u>27.336</u></u>	<u><u>27.336</u></u>

Cash and Cash Equivalents - The College considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. There were no cash equivalents as of June 30, 2017 and 2016.

Capital Assets - Capital assets are defined by the College as assets with initial, individual costs of more than \$5,000 and an estimated useful life in excess of two years. These assets generally include land, works of art, buildings, improvements, equipment and vehicles. Purchases or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvement are capitalized as projects are constructed.

Capital assets subject to depreciation by the College are depreciated using the straight-line method over the following useful lives (See Note C for further detail):

<u>Assets</u>	<u>Years</u>
Building	40
Building improvements	15
Land improvements	10
Furniture	5
Computer technology	4

Capital assets not subject to depreciation include certain land, construction in progress, and works of art.

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Inventories - The College bookstore maintains an inventory of textbooks and supplies, which are sold to students, the general public, and other college bookstores. The inventory on hand at June 30, 2017 and 2016 was \$854,660 and \$1,186,104, respectively. This valuation is based on the lower of cost (determined on first-in, first-out basis) or market.

Unearned Tuition and Fee Revenue - Tuition and fee revenue received and related to courses starting after June 30, 2017 and 2016 have been deferred.

Net Position - Net position is presented in three major categories. The first is Invested in Capital Assets, net of related debt, which represents the College's equity in its property, plant, and equipment. The second is Restricted while the third is Unrestricted.

Restricted net assets are funds that are limited in terms of the purpose and time for which the funds can be spent. Restricted net assets are further categorized between expendable and nonexpendable. Restricted expendable net assets are available to be spent by the College after externally imposed stipulations have been fulfilled or after the passage of time. Restricted nonexpendable net assets are endowments for which only the interest portion can be spent. The College has no restricted nonexpendable net assets at June 30, 2017 and 2016.

Unrestricted net assets are available to the College for any lawful purpose. The College first applies restricted sources when an expense or outlay is incurred for purposes for which both restricted and unrestricted sources are available.

Compensated Absences - The College records a liability for employees' vacation and sick leave earned, but not taken. Employees are allowed to carry over a limited number of vacation and unlimited sick days from year to year. At June 30, 2017 and 2016, the College had recorded a compensated absences liability of \$2,829,382 and \$2,878,166, respectively.

Advertising - Advertising costs, which consist primarily of schedule and course offering advertising, are included in supplies and other operating expenses and are expensed in the period the costs are incurred. Advertising expenses for the years ended June 30, 2017 and 2016 were \$385,906 and \$374,088, respectively. Advertising, generally, does not benefit future years.

**NOTE B - CASH DEPOSITS AND INVESTMENTS**

Cash and cash equivalents include deposits held at banks plus small amounts of cash maintained for change funds. State statute, K.S.A. 12-1675, authorizes the College to invest in temporary notes, time deposits, open accounts, certificates of deposit, repurchase agreements, the State of Kansas Municipal Investment Pool (the Pool), or United States treasury bills or notes. At June 30, 2017 and 2016, the carrying amount of the Colleges deposits was \$18,831,905 and \$16,579,249, respectively. The bank balance at June 30, 2017 and 2016 was \$20,359,201 and \$17,653,524 respectively. The difference between carrying amounts and bank balances primarily represent checks which have not cleared the bank. The College had investments of \$3,597,108 and \$3,563,671 in certificates of deposits for the years ended June 30, 2017 and 2016, respectively.

KANSAS CITY KANSAS COMMUNITY COLLEGE  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2017

**NOTE B - CASH DEPOSITS AND INVESTMENTS (Continued)**

**Custodial Credit Risk** – The College is subject to custodial credit risk, which is the risk that in the event of a bank failure, an entity's deposits may not be returned. The College's deposit policy for credit risk requires depository banks to pledge qualified securities with a market value exceeding deposits in excess of Federal Deposit Insurance Corporation (FDIC) coverage. The College's cash and temporary investments at June 30, 2017 and 2016 were secured by federal depository insurance and/or collateral held by the College's custodial financial institution in the College's name.

**NOTE C – CAPITAL ASSETS**

Capital assets consist of the following categories at June 30, 2017 and 2016:

**NOTE D – REVENUE BONDS AND CERTIFICATES OF PARTICIPATION PAYABLE**

The Refunding Certification of Participation, Series 2010 payable as of June 30, 2017, and 2016 consist of the following:

	2017	2016
Noncurrent revenue bonds payable	\$705,000	\$1,045,000
Current portion	340,000	330,000
	<u>\$1,045,000</u>	<u>\$1,375,000</u>

In August 2010, the College refinanced the Series 2004 bond issue with Lease Agreement Refunding Certificates of Participation, Series 2010. The refinanced debt will retain the same maturity date as the Series 2004 bond issue with final maturity of May 15, 2020 but with lower interest rate ranging from 2% to 3.125% resulting in a cash savings of \$178,641. The refunding certificates of participation will continue to be retired from a \$5 student fee per credit hour.

The \$21,798 cost of the Series 2010 refunding has been added to the unamortized balance of the previous refunding of \$531,667. The total of \$553,465 is being amortized over the life of the new debt, which is the same as the remaining life of the old bonds. The accumulated amortization amounted to \$624,309 and \$591,119 at June 30, 2017 and 2016, respectively.

**NOTE E – COMMITMENTS AND CONTINGENCIES**

Operating Leases - Property - The College maintains certain operating leases which are subject to an annual appropriation by the College. These operating leases are related to housing and certain educational facilities.

In April of 2017 the College entered into a lease agreement with the Leavenworth School District under which the College agreed to use a building owned by the School District for the College's technical education programs. In lieu of paying rent, the College agreed to grant admission to the technical education courses only to students who are enrolled in the Leavenworth School District without requiring the payment of any tuition or course fees. Management would note that such tuition will be covered by the State under KS Senate Bill 155. The Leavenworth facility previously used by the College was vacated in the summer of 2017 and the non-technical education courses held at that facility were transferred to the new Leavenworth facility.

The College subject to annual appropriation had continued its lease for classroom space in Kansas City, Kansas for English as a Second Language (ESL) program in a strip shopping center on State Avenue with monthly rents at \$6,793 until September 30, 2016 at which time the College discontinued the lease.

The College, subject to annual appropriation, is also obligated to a 5 year lease with Royal Ridge to provide apartments for student housing ending in July of 2017. Monthly rents for the year ended June 30, 2017 were \$45,097. Subsequent to June 30, 2017, this lease was extended to June 30, 2018. Future minimum lease commitments for the year ended June 30, 2018 are \$541,164.

On October 14, 1999, the College leased 2,955 square feet of its space to the KBI (Kansas Bureau of Investigation) for a crime lab. The term of the lease was for a 15-year period (180 months) and ends October 13, 2015, with one lease payment of \$5 plus reimbursement for renovation of the space in the amount of \$459,467 in the year ending June 30, 2000. There are no future lease payments under this lease.

Operating Leases – Equipment - The College is the lessee for 58 photocopiers, all determined to be operating leases; hence the copiers are not capitalized nor depreciated. All leases are for 60 months in duration.

KANSAS CITY KANSAS COMMUNITY COLLEGE  
NOTES TO FINANCIAL STATEMENTS

**NOTE E – COMMITMENTS AND CONTINGENCIES (Continued)**

The future minimum lease commitments under these equipment leases are as follows:

Year Ending June 30,	
2018	\$ 68,243
2019	52,893
2020	40,752
2021	30,389
2022	12,724
	<u>\$ 205,001</u>

Capital Leases - December 1, 2010 the College issued Certificates of Participation Series 2010-B in the amount of \$25,940,000 for facility renovations to the new Technical Education Center, the Sports Complex, the Performing Arts Center and other facility improvements. The obligation has a 15 year maturity with payments beginning April 1, 2015 and a final payment due April 1, 2026. Interest will be paid semiannually at rates varying from 3.00% to 4.125% beginning October 1, 2011 and a final payment April 1, 2026. The College entered into 2 lease agreements with UMB Bank (which were subsequently transferred to Security Bank of Kansas City), the provider of funds for the construction of improvements and the purchase of equipment. The lease begins December 1, 2010 and shall terminate upon the full payment of all rent payments which are in an amount to cover all payments due on the Certificates of Participation Series 2010-B.

Capital lease obligations outstanding at June 30, 2017 and 2016 consist of the following:

	<u>Original Amount</u>	<u>2017</u>	<u>2016</u>
TEC building improvements and equipment – Certificates of Participation, Series 2010-B capital cost of \$25,940,000, 3-4 .125% interest paid semi- annual principal payments vary at approximately \$2,306,000 including interest through April, 2026	<u>\$25,940,000</u>	<u>\$17,225,000</u>	<u>\$18,840,000</u>

**NOTE F - CONTINGENCIES**

The College is party to various legal proceedings arising principally in the normal course of operations. In the opinion of the administration, the outcome of these proceedings will not have a material adverse effect on the accompanying financial statements and accordingly, no provision for losses has been recorded.

**NOTE G – RISK MANAGEMENT**

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; or acts of God.

The College pays an annual premium to The Accident Fund for workmen's compensation insurance coverage.

The College maintains commercial insurance for risks of loss not covered by The Accident Fund, including property, general and automobile liability, public officials, errors and omissions, and employee health and accident insurance. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

**NOTE H – DEFINED BENEFIT PENSION PLAN**

Plan Description - The College participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq; as defined in Governmental Accounting Standards Board Statement No. 67, *Financial reporting for Pension Plans*. KPERS provides benefit provisions to statewide pension groups for State/School Employees, Local Employees, Police and Firemen, and Judges under one plan. Those employees participating in the pension plan for the College are included in the State/School employee group.

KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Benefits are established by statute and may only be changed by the General Assembly. Member employees with ten or more years of credited service may retire as early as age 55 with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever an employee's combined age and years of credited service equal 85 "points".

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, member employees may withdraw their contributions from their individual accounts, including interest. Member employees who withdraw their accumulated contributions lose all rights and privileges of membership. The accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A 74-4922. A full copy of the KPERS Plan and related information may be obtained at [WWW.KPERS.ORG](http://WWW.KPERS.ORG) or by contacting 1-785-296-6166.

Member employees choose one of seven payment options for their monthly retirement benefits. At retirement a member employee may receive a lump-sum payment of up to 50% of the actuarial present value of the member employee's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. The retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Funding Policy - K.S.A. 74-4919, as amended, establishes a three tier benefit structure. Tier 1 members include active members hired before July 1, 2009. The member-employee contribution rate for Tier 1 members increased from 4% to 6% on January 1, 2016. Tier 2 members include active members hired between July 1, 2009 and December 31, 2014. The member-employee contribution rate for Tier 2 members is 6%. Tier 3 members include those first employed in a KPERS covered position after January 1, 2016. The member-employee contribution rate for Tier 3 members is 6%. Member-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate actuarial valuations are prepared to determine the actuarial determined contribution rate by group. To facilitate the separate actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and non-employer allocations are applied to amounts presented in the schedules of pension amounts by employer and non-employer.

The individual employer allocation percentages for the pension amounts were based on the ratio of the employer and non-employer contributions for the individual employer in relation to the total of all employer and non-employer contributions of the group.

**NOTE H – DEFINED BENEFIT PENSION PLAN (Continued)**

Special Funding Situation – The employer contributions for the College, as defined in K.S.A. 74-4931 (2) and (3), are funded by the State of Kansas on behalf of the College. Therefore, the College is considered to be in a special funding situation as defined by GASB No. 68.

The Kansas City Kansas Community College employer rate, as contributed by the State of Kansas on behalf of the College, was 10.81% for the fiscal 2017 year and 11.27% for the 2016 fiscal year.

The state of Kansas is treated as a non-employer contributing entity to KPERS and is required to recognize its proportionate share of the net pension liability, deferred outflows of resources, deferred inflows of resources, and expenses for the pension plan attributable to the College. At June 30, 2016 and 2015, the proportionate share of the net pension liability recognized by the State of Kansas that was attributable to the College was \$42,006,346 and \$45,756,555, respectively.

Since the College does not contribute directly to KPERS there is no net pension liability or deferred inflows or outflows to report in the College's Statements of Net Position or the College's Statements of Revenues, Expenses and Changes in Net Position.

The State of Kansas contributes directly to KPERS on behalf of the College for the years ended June 30, 2017 and 2016, respectively. The payments made by the State of Kansas on behalf of the College have been recorded as both revenues and expenses in the Statements of Revenues, Expenses and Changes in Net Position.

The employees of the College contributed to the plan for the fiscal year ended June 30, 2017 and 2016 totaling \$1,728,878 and \$1,719,506, respectively. The contribution requirements and rates are established by KPERS and are periodically revised.

**NOTE I – OTHER POSTEMPLOYMENT BENEFITS**

The College had adopted a policy, which was discontinued effective July 1, 2015, which provided certain early retirement benefit options to eligible employees. The policy allowed applicable employees with at least 15 years of full-time service to the College, or 10 years of current and consecutive full time service at the College and 30 years' service credit in KPERS, who were eligible to retire under KPERS with full or reduced benefits, the option to retire early.

Benefits were computed at a maximum of 125% of final contract salary, paid annually at the lesser of: 1) 25% of their last annual salary (without overload, overtime, extra duty, etc.), or 2) the difference between full social security benefits and the employee's current eligible social security benefits, until 125% is paid or the early retiree reaches the age of full social security benefits. The employee is limited to five installments of this benefit.

In addition, the College also adopted an associated policy which expired at June 30, 2015 which will fund certain continuing health insurance benefits to individuals meeting the above criteria. The College sponsored plan was available to eligible early retired employees until 1) they become eligible for a federally funded health care plan, 2) the employee acquires employment where the health insurance is provided by the new employer, or 3) upon death of the early retired employee.

**NOTE I – OTHER POSTEMPLOYMENT BENEFITS (Continued)**

The College has elected to fund these benefits on a pay-as-you-go basis. In addition, the College has elected to record and report post-employment benefits related to certain employees of the College; which met certain criteria while employed by the Kansas City Kansas School District as a result of an agreement between the College and the Kansas City Kansas School District. These benefits aggregate to \$294,084 for the year ended July 30, 2017.

The following is a summary of estimated benefits at present value payable for eligible employees that have taken early retirement as of June 30, 2017:

**NOTE J – STUDENT LOANS**

The College provides Student Financial Aid as provided by the United States Department of Education. Student financial aid includes certain loans to students who attend the College. For the period ending June 30, 2017 and 2016 loan proceeds were recorded as federal grants and contracts and subsequently expensed through scholarships and financial aid. For the period ending June 30, 2017, and 2016 these balances were recorded in the Student Loan Fund (Agency Fund).

Student loan activities for the respective periods are as follows:

	<u>2017</u>	<u>2016</u>
Direct Subsidized Loans	\$2,630,271	\$3,181,860
Direct Un-Subsidized Loans	\$2,515,038	\$3,197,184
Direct PLUS Loans	\$ 30,078	\$ 25,887

**NOTE K – PRONOUNCEMENTS**

The College was required to implement GASB Statement No. 68, Accounting and Financial Reporting for Pensions, issued June 2016, which became effective for the College July 1, 2016. This Statement replaces the requirements of GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, and GASB Statement No. 50, *Pension Disclosures*, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. The Statement requires governments providing defined benefit pensions to recognize their long term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information. Upon review and discussion with the Kansas Public Employees Retirement System (KPERS) contributions made by the State on behalf of the College are reported and disclosed by the State of Kansas. The College does not receive, record or report these balances. Additional information regarding the Plan is included in Note H.

**NOTE L – TAX ABATEMENTS**

The Unified Government of Wyandotte County may provide certain property tax abatements to encourage capital investment, employment opportunities and quality services for the benefit of the community. Tax abatements are the result of an agreement between the Unified Government and an outside party in which the Unified Government promises to forgo tax revenues and the outside party promises to take specific actions that contributes to the economic development or benefits citizens of the Unified Government. The issuances of these abatements are pursuant to Section 13 of Article 11 of the Kansas Constitution and K.S.A. 12-1740 et seq. and 79-201a. The Economic Development Program “EDX” has the following criteria:

- Existence of Economic Benefit – The project must add to the local economy according to: capital investment, producing value-added products and services, number of jobs created and associated payroll, and whether the project provides a positive fiscal and economic impact.
- Type of Business – The project shall be of a nature that is desirable and stimulates the local economy and improves the quality of life for its citizens.
- Compatibility with Adopted Plans – The project shall be consistent with the Unified Government Comprehensive Plan, any applicable corridor plans, and other plans of the Unified Government which may be relevant to the project.
- Excluded Business – The project may not be listed as prohibited by state law (K.S.A. 79-201a) or otherwise listed as ineligible under the Unified Government Tax Abatement Policy.
- Maintaining Existing Tax Base – The amount of property taxes or special assessments on the existing land and facilities shall under no circumstances be reduced for new development projects.
- Transfer of Ownership – The owner or lessee of any property that is all or partially exempt from ad valorem taxes as the result of the Unified Government having granted the exemption shall obtain the Unified Government written consent before transferring majority ownership of the property unless the transfer is to an affiliate or a related entity.

During the 2016 calendar year the Unified Government reported \$1,387,839 in taxes abated relative to the College. Additionally, the College through its participation in the Neighborhood Revitalization Act; managed by the Unified Government granted \$391,366 in property tax rebates for the 2016 calendar year.

*Organization and Summary of Significant Accounting Policies*

Kansas City Kansas Community College Foundation (the Foundation) was incorporated in 1977 under the state laws of Kansas and is located in Kansas City, Kansas. The Foundation’s purposes are to solicit, receive, invest, manage and award monies toward achieving the goals of the students and Kansas City Kansas Community College (the College) and to develop alumni support for the College. Donors are typically located in the Kansas City metropolitan area. During the year ended June 30, 2017, the Organization’s name was changed from Kansas City Kansas Community College Foundation to Kansas City Kansas Community College Foundation.

NOTE N – KANSAS CITY KANSAS COMMUNITY COLLEGE FOUNDATION NOTES (Continued)

*Organization and Summary Of Significant Accounting Policies (Continued)*

Basis of Presentation – Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in FASB ASC 958-210. Under FASB ASC 958-210, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets are those currently available at the discretion of the Board for use in the entity's operations and those resources invested in land, buildings and equipment and other property.

Temporarily restricted net assets are those which are stipulated by donors for specific operating purposes, special projects, or for the acquisition or construction of land, buildings, and equipment. The Foundation has chosen to show contributions whose restrictions are met in the same reporting period as unrestricted support. The Foundation's policy is to use temporarily restricted funds first, before any unrestricted funds would be used for the restricted purpose.

Permanently restricted amounts are those restricted by donors in perpetuity as endowments or irrevocable trusts.

Property and Equipment –Property and equipment is recorded at fair value at the date of acquisition. There was no property and equipment held at June 30, 2017 or 2016.

Cash Flows – For purpose of the statement of cash flows, the Foundation considers highly liquid investments purchased with initial maturities of less than three months to be cash equivalents.

Expense Allocation - The Foundation allocates its expenses on a functional basis among its program, administrative, and fundraising activities. Administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported amounts of revenues and expenses. Actual results could differ from those estimates.

Concentrations of Risk – During the years ended June 30, 2017 and 2016, one donor accounted for approximately 34% and 41% of the contributions received, respectively. This donation is received from an established trust fund, of which only the earnings less fees can be spent, and must be directed for scholarship purposes at the College.

Income Taxes – The Foundation qualifies as tax exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

KANSAS CITY KANSAS COMMUNITY COLLEGE  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2017

NOTE N – KANSAS CITY KANSAS COMMUNITY COLLEGE FOUNDATION NOTES (Continued)

*Organization and Summary Of Significant Accounting Policies (Continued)*

The Foundation recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax position meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority.

The Foundation is subject to income tax regulations in the U.S. federal jurisdiction and certain state jurisdictions. Tax regulations within each jurisdiction are subject to the interpretation of the related tax laws and regulations and require significant judgment to apply. With few exceptions, the Foundation is no longer subject to income tax examinations by the applicable tax authorities for the years before 2012. If any were to be incurred, the Foundation's policy is to record penalties and interest assessed by income tax authorities as operating expenses

Date of Management's Review – In preparing the financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through November 7, 2017, the date that the financial statements were available to be issued.

*Fair Value Measurements*

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- |         |  |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.  |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.  |

*Fair Value Measurements (Continued)*

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2017 and 2016.

- Money Market accounts are valued based on quoted prices for the underlying securities assets or liabilities and are classified within Level 2 of the fair value hierarchy.
- Equity securities are valued based on quoted prices for the underlying securities assets or liabilities and are classified within Level 1 of the fair value hierarchy.
- Fixed income securities are valued based on quoted prices for the underlying securities assets or liabilities and are classified within Level 2 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2017 and 2016.

Assets at Fair Value as of June 30, 2017				
	Total	Level 1	Level 2	Level 3

Net assets released from temporary donor restrictions, by incurring expenses satisfying the restricted purpose, or by occurrence of events specified by the donors, totaled \$270,674 and \$235,376 at June 30, 2017 and 2016, respectively.

Permanently restricted net assets of \$95,000 are restricted to investments in perpetuity at June 30, 2017 and 2016. It is the policy of the Kansas City Kansas Community College Foundation Board of Directors to invest the Foundation's scholarship funds in a wise and prudent manner. Funds will be invested to create the best return while maintaining the security and availability of the funds for students for many years to come. Investments will be reviewed yearly by the Board of Directors.

*Functional Classification of Expenses*

Certain costs have been allocated between areas benefited and are classified as follows at June 30:
